Declaration of wages 2011

Accident Insurance Policy

Policy number: WNA102300489

Date of issue: 29 July 20

Policy name: Mr Cartell

Your workers' compensation policy covers you for the cost of any work related injuries. We care about your business and would like to ensure you have the appropriate cover. The wages you declare help us calculate the right premium for your business.

Please refer to our Wages definition manual on our website for information on assessable wages. For example, when declaring your wages, you need to know who is a worker, and include superannuation and fringe benefits.

To ensure you are covered, please declare your wages by **5 pm 31 August 2011**. You may then be entitled to a discount or payment plan.

Use our online services, www.workcoverqld.com.au to declare your wages, view your premium notice and/or pay your premium.
